Allowable Subject Matter

1. Claims 193 and 211-219 are allowed.

2. The following is an examiner's statement of reasons for allowance: The claims, setting forth: a wheel having peripheral rim, a central hub with a central axle and outer flange, a plurality of pretensioned spokes extending between the rim and the hub, wherein the spokes have a first portion connected to the rim and a second portion connected to the hub, a cavity formed in at least one of the outer flange and the rim for connection with at least one of the spokes, wherein the cavity is axially oriented and the spokes include a bent region; at least one of the first portion and the second portion of the spokes are joined to at least one of the outer flange and the rim by a deformed engagement region with the cavity surrounding and enclosing the cross-section of the spoke at the deformed engagement region, and the deformed engagement region results in a connection to resist relative movement between the cavity and at least one of the first and second portion of the spoke; have been found to be allowable over the prior art. The prior art does not teach or suggest a bicycle wheel configured in the matter described above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
